To whom it may concern

Dear Sir/Madam:

I am very glad to write a letter of recommendation for Mr. Carlos Diaz who was a student of mine in two classes in the IT program at UCF: Operating System Concepts and Computer Architecture Concepts. As a student he really impressed me due to his enthusiasm, good critical thinking skill, and maturity to solve problems and develop programming projects. His bottomless curiosity and his passion for exactitude could be seen in each question he asked in class or during office hours. He also has an agreeable personality that makes him a good candidate for teamwork. Finally, I have to add that Mr. Diaz ended up ranked in the top 1% in the two courses about I taught him.

I very strongly recommend Mr. Diaz without any doubt whatsoever for an IT position in your company and I am sure that you will not regret it.

Yours sincerely,
